

SCOPE

The *Third Workshop New Trends in Quaternions and Octonions* aims to present recent advances in the research on quaternions and octonions gathering scientists working in pure as well as applied mathematics, scientific computation and applications in physics, engineering and other applied sciences.

This workshop represents an opportunity to discuss recent developments in the field of quaternions and octonions, may they be theoretical, computational or real-world applications.

INVITED SPEAKERS

- **Alberto Elduque** :: University of Zaragoza, Spain
- **Alexandre Correia** :: University of Coimbra, Portugal
- **Rogério Serôdio** :: University of Beira Interior, Portugal
- **Sebastian Bock** :: Bauhaus-Universität Weimar, Germany

ORGANIZATION

Elisabete Barreiro, Joana Teles and João Fernandes :: University of Coimbra

Isabel Cação :: University of Aveiro

Maria Irene Falcão :: University of Minho

Patrícia Beites :: University of Beira Interior
